Pat + Richard,

We've had a fantastic 2 weeks and enjoyed every minute of it. You've made the experience so much more memorable for us by sharing your knowledge of the culture and the area with us. We're incredibly impressed with everything you've achieved here and have loved being a part of your project, we look forward to seeing you continue to grow.

We're very thankful for all you've done to make this trip better and more immersive into the French lifestyle, particularly all the meals we've shared together and the places you've shown us that we would never see otherwise.

We also want to say a quick thanks to Louise and Claire for their help and hospitality, it was truly lovely to meet them.

Thank you again and we hope some day to have the opportunity to see you again, you've made the first part of our journey the best it could be.

Emily + Luke
